CHAIRMAN'S REVIEW

On behalf of the Board of Directors, I have great pleasure in presenting you the 29th Annual Report providing an overview of the Company's performance, the operating environment and the Audited Financial Statements for the financial year 2021-22.

The Board of your Company is closely engaged with the senior management for ensuring consistency in safe, reliable and efficient operations of the plant. During the financial year under review the dispatch of electricity was higher than that of the previous financial year. I feel pleasure to inform you that subsequent to the settlement of the matter of long outstanding over dues, the payments from the Power Purchase Authority (the CPPA) are being received regularly.

During the FY 2021-22 the Company posted net profit after tax of Rs.1,507 million by demonstrating earning per share (EPS) of Rs. 8.90 as compared to the net profit after tax of Rs. 1,199 million with an EPS of Rs. 7.08 demonstrated during the last year. It takes immense pleasure to inform you that during the financial year under review upon the recommendations of the Board of Directors three interim dividends have already been paid @52.5%

in September 2021, @77.5% in December 2021 and @27.5% in March 2022 respectively, making cumulative dividend distribution for the financial year 2021-22 @157.5%.

Your Company is privileged with a dedicated and enthusiastic workforce of nearly 145 fulltime working people who are adhered to standard operating procedures devised for the efficient, safe and reliable operations of the power complex. Resultantly the Company has won the confidence and satisfaction of CPPA (the power purchaser).

I am confident that our hardworking team, led by well experienced and committed management team guided by a diversified Board of Directors, will continue to deliver sustainable and growing returns to the investors of the Company. I thank you once again for the continued support of all of the stakeholders.

چیرمین جائزہ

بورڈ آف ڈائریکٹرز کی جانب سے مجھے آپ کو انیسویں سالانہ رپورٹ پیش کرنے میں خوشی محسوس ہو رہی ہے۔ اس رپورٹ میں ہم کوہ نور انرجی لمیٹڈ کے کاموں اور آپریٹنگ ماحول کی 30 جون 2022 کو ختم ہونے والے آڈٹ شدہ مالی حسابات کا جائزہ فراہم کر رہے ہیں۔

آپ کی کمپنی کے بورڈ آف ڈائریکٹرز پلانٹ آپریشنز کو منوٹر اور مستقل محفوظ بنانے کے لئے سینئر مینجمنٹ کے ساتھ ہر وقت رابطے میں ہے۔ رواں مالی سال میں بجلی کی ترسیل پچھلے سال کے مقابلے میں زیادہ رہی۔ مجھے آپ کو یہ بتاتے ہوئے خوشی محسوس ہو رہی ہے کہ طویل عرصے سے واجب الادا واجبات کا معاملہ طے ہونے کے بعد، پاور پراجیکٹس راتھارٹی (CPPA) سے ادائیگیاں باقاعدگی سے موصول ہو رہی ہیں۔

کمپنی نے رواں سال 2021-22 میں بعد از ٹیکس 1,507 ملین روپے کا منافع کمایا ہے اور فی شیئر آمدنی 8.90 روپے رہی جبکہ اسکے مقابلے میں پچھلے سال کمپنی کا بعد از ٹیکس منافع 1,199 ملین روپے تھا جبکہ فی شیئر آمدنی 7.08 روپے تھی۔ آپ کو یہ بتاتے ہوئے خوشی محسوس ہو رہی ہے کہ بورڈ آف ڈائریکٹرز کی سفارشات پر زیر جائزہ مالی سال کے دوران پہلے ہی تین عبوری ڈیوڈنڈ بالترتیب 57.50% ستمبر 2021، 77.50% دسمبر 2021 اور 27.50% مارچ 2022 میں ادا کر دیئے گئے ہیں جو مالی سال 2021-22 کے لئے کل ملا کر 157.50% بنتا ہے۔

آپ کی کمپنی میں تقریباً 150 فٹل ٹائم کام کرنے والے افراد کی ایک پُر جوش ٹیم موجود ہے۔ جو پاور کیپلیکس کے منوٹر، محفوظ اور پُر اعتماد آپریشنز کے لئے وضع کردہ آپریٹنگ طریقہ کار پر عمل پیرا ہے۔ نتیجتاً کمپنی نے CPPA (بجلی کے خریدار) کا اعتماد حاصل کر لیا ہے۔

مجھے یقین ہے کہ ہماری محنتی ٹیم، پُر عزم مینجمنٹ کی قیادت اور بورڈ آف ڈائریکٹرز کی رہنمائی میں کمپنی کے سرمایہ کاروں کو بہترین منافع فراہم کرتی رہے گی۔ میں تمام اسٹیک ہولڈرز کی مسلسل حمایت کے لئے ایک بار پھر آپ کا شکریہ ادا کرتا ہوں۔

DIRECTORS' REPORT

The Board of Directors feels pleasure to present the Annual Report together with the audited financial statements of the Company for the financial year ended June 30, 2022.

Principal Activities

The principal business objective of the Company is to own, operate and maintain a furnace oil fired power station with a net capacity of 124 MW (gross capacity of 131.44 MW).

Financial Results

We pleaurably report that during the year financial year 2021-22, sales of the Company reached at 14.538 million compared to Rs. 6.752 million demonstrated in the last financial year. The dispatch of electricity was also higher than that of the previous financial year. The Pak Rupee vs US dollar has been devalued which has contributed to increase in sales revenues of the Company which has set off the impact of discount in tariff as reported earlier. The Company earned net profit after tax of Rs. 1,507 million yielding earning per share (EPS) of Rs. 8.90, as compared to Rs. 1,199 million (EPS 7.08) earned during the previous financial year. The increase in capacity payments because of Rupee devaluation and increase in dispatch of electricity have been the main contributors to increase in profits of the Company. The summarized financial result of the Company for the year ended June 30, 2022 is as follows:-

Rupees in Thousand	2022	2021
Profit before taxation	1,509,580	1,202,984
Taxation	(2,200)	(3,563)
Profit after taxation	1,507,380	1,199,421
Other comprehensive income / (loss)	-	25,273
Total comprehensive income for the year	1,507,380	1,224,694
Un-appropriated profit brought forward	4,378,113	4,848,005
Available for appropriations	5,885,493	6,072,699
1st Interim Dividend 2021-22 @ 52.50% (1st Interim Dividend 2020-21 @ 60%)	(889,658)	(1,016,752)
2nd Interim Dividend 2021-22 @ 77.50% (2nd Interim Dividend 2020-21 @ 40%)	(1,313,304)	(677,834)
3rd Interim Dividend 2021-22 @ 27.50% (3rd Interim Dividend 2020-21 @ NIL)	(466,011)	-
	(2,668,973)	(1,694,586)
Un-appropriated profit carried forward	3,216,520	4,378,113
Earnings per share	Rupees 8.90	7.08

The Board takes pleasure to report that subsequent to settlement of the matter of long outstanding overdue payments with the Central Power Purchasing Agency (CPPA) the Company is regularly receiving the payments from the CPPA. Owing to hike in fuel oil prices the Company has employed a high amount of working capital for maintaining the fuel stocks for ensuring smooth plant operations.

The status of the matter related to the imposition of liquidated damages (LDs) as detailed in Note 12.1 (i) and 12.1 (ii) to the financial statements is the same as reported to you earlier. The management and the legal advisors of the Company are of the view that there are adequate grounds to defend the claim for such LDs, therefore no provision has been made in these financial statements.

Moreover, on the matter related to sales tax demand raised by the Federal Board of Revenue (the FBR) as detailed in Note 12.1 (iii) to the financial statements, we report that the matter is at Supreme Court of Pakistan. The management is of the view that since there are meritorious grounds to defend the case, therefore no provision for the demand has been made in these financial statements.

More over with respect to the matter of a sales tax demand of Rs. 184.13 million raised by the Deputy Commissioner Inland Revenue ('DCIR') on account of inadmissible input tax as detailed in Note 12.1 (iv) to these financial statements. Subsequent to the year end, Commissioner Inland Revenue (Appeals) adjudicated the case and out of total demand of Rs. 184.13 m, deleted the demand of Rs.152.95 million relating to the disallowing of the input tax based on the apportionment of expenses relevant to the Capacity Purchase Price, whereas the remaining amount of Rs. 31.18 million is annulled and remanded back to the DCIR for fresh adjudication. Hence, the demand against the said order stands NIL.

Dividend Distribution

During the financial year under review upon recommendations of the Board of Directors of the Company three interim dividends have already been paid @52.5% in September 2021, @77.5% in December 2021 and @27.5% in March 2022 respectively, making cumulative dividend distribution for the financial year 2021-22 @157.5%.

Operations

We report that during the financial year under review the dispatch of electricity was higher than that of the previous financial year. Therefore the power plant by running at 47.49% delivered 515,812 MWh of electricity as compared to 31.04% capacity factor (337,122 MWh) delivered during the previous financial year. Moreover on account of maintenance activities we report that that during the FY 2021-22 six engines reaching at 116k(1 Engine), 124k(4 Engine) and 132k(1 Engine) operational hours. The said engines were overhauled under 8k major maintenance program while during the FY 2020-21 only two major maintenances were carried out. All of the planned and unplanned maintenances have been successfully carried out by our internal technical team in accordance with the budgeted and estimated numbers. We feel pleasure to report that all the engines and their respective auxiliary equipments are in good condition for safe and reliable operations.

The board takes immense pleasure to report that the Company in maintaining its track record has successfully qualified the Annual Dependable Capacity Test (ADC), conducted by the Power Purchaser on July 04, 2022. The power complex has demonstrated the capacity of 130.40 MW which is pretty higher than the net contractual capacity of 124 MW. It is pertinent to mention that the power complex despite of surpassing 25 operational years is still in robust, excellent and reliable condition. The Board of Directors recognizes and appreciates the hardworking and dedication of the employees of the Company that resulted in such a remarkable achievement.

Risk Management

The finance department of the Company is carrying out the Risk management under the principles and directions of the Board. The Board provides principles for overall risk management, as well as policies covering specific areas such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity. The risk management principles are geared to identifying and analyzing the risks to which the Company is exposed to and establishing the appropriate control mechanisms. The principles of risk management and the processes applied are regularly reviewed, taking

DIRECTORS' REPORT

due regard and changes in the sector and in the activities of the Company. The ultimate goal is to develop controls, based on the existing training management guidelines and conscious approach to risks.

Operational Risks

We take pleasure that the management being vigilant has established a very comprehensive system for recognition and management of operational risks. The Quality & EHS department of power plant is fully responsible to discharge its responsibilities to identify, measure and to take necessary steps for addressing and mitigating the probabilities of malfunctioning or any unforeseen event. Standard Operational Procedures (SOPs) and contingency plans equivalent to international quality standards are in place. The SOPs at power complex have been implemented to ensure the safe and reliable operations of the power complex.

Financial Risks

The financial risk management is disclosed in note 34 to these financial statements of the Company.

Credit Rating

We report that the Pakistan Credit Rating Agency (PACRA) has maintained the same rating as awarded last year i.e. "AA" (Double A) and "A1+" (A one plus) for the long-term and short-term entity ratings of the Company respectively. It reflects stable business profile emanating from a secured regulatory structure. This entails sovereign guaranteed revenues and cash flows, given

adherence to agreed performance benchmarks. The Company meets its availability and efficiency levels which is an outcome of technically sound O&M team, robust systems and controls, and strong governance structure.

Impact on Environment

We work meticulously to reduce our environmental impacts from the procurement of raw materials to the generation of electricity. Our environmental stewardship initiatives help protect the environment while improving efficiency, reducing costs and using energy and natural resources efficiently.

Our environmental policy achieves the following objectives:

- Improve the efficiency and sustainability of our business activities and products
- Reduce wastes and prevent environmental pollution.
- Use energy and natural resources efficiently.

We recognize the interrelated nature of these three priorities. Our work in one area unavoidably affects the others. Therefore, KEL have developed comprehensive management and governance systems to ensure that environmental considerations are fully integrated into our day-to-day planning and operations.

We seek to identify and mitigate climate-related challenges and risks that are posed to our supply-chain and operations through our management and policies. Reducing our environmental footprint in our operations is a core part of KEL's business strategy as we respond to global external pressures, such as climate change, extreme weather events and growing resource scarcity. Through developing policies and making responsible choices that allow us to react quickly and be flexible when responding to such events, we ensure that our businesses and operations are resilient, and that we operate in an environmentally and socially responsible manner.

Our environmental impacts are closely interconnected and our approach to managing them must be integrated as well. We have developed comprehensive management and governance systems that reflect our priorities and ensure they are fully incorporated within our day-to

day planning and business processes. Our commercial operations are designed to achieve the objective of reducing our environmental footprint. We work towards a sustainable future whilst keeping the Company's interest in mind.

Our environment, health and safety strategy – commits us to advancing KEL Environment, Health and Safety (EHS) by:

- Developing a work environment that promotes employee health and productivity and strives to be injury-free.
- Conserving our natural resources by improving the efficiency and sustainability of our operations, reducing greenhouse gas emissions and water use and minimizing waste.
- Continuing to strengthen EHS practices across all aspects of the business, in addition to maintaining compliance with applicable requirements.

Internal Control System of the Company

The management has adopted as far as practicable, all the internal control policies and procedures in achieving management's objectives of ensuring, as far as practicable, the orderly and efficient conduct of its business, including adherence to management policies, safeguarding of assets, prevention and detection of fraud and error, accuracy and completeness of accounting records, and timely preparation of reliable financial information.

باوجود پاور پلانٹ بہترین حالت میں ہے۔ بورڈ آف ڈائریکٹرز مینجمنٹ اور ملازمین کی انتھک محنت کو سراہتا ہے جس کی بدولت یہ نمایاں کامیابی حاصل ہوئی۔

رسک مینجمنٹ

رسک مینجمنٹ، بورڈ کے منظور شدہ اصولوں اور پالیسیوں کے تحت فنانس ڈیپارٹمنٹ کرتا ہے۔ بورڈ مجموعی طور پر رسک مینجمنٹ کے لیے اصول مہیا کرتا ہے، نیز مخصوص شعبوں جیسے کہ غیر ملکی زرمبادلہ کا رسک، شرح سود کا رسک، کریڈٹ رسک اور اضافی لیکویڈیٹی کی سرمایہ کاری کے لیے پالیسیاں فراہم کرتا ہے۔ رسک مینجمنٹ کے اصول ان خطرات کی نشاندہی اور تجزیہ کرنے کے لیے تیار ہیں جن کو کمپنی سامنے لا کر مناسب کنٹرول میکانزم قائم کرتی ہے۔ رسک مینجمنٹ کے اصولوں اور لاگو ہونے والے عمل کا باقاعدگی سے جائزہ لیا جاتا ہے، مناسب خیال رکھا جاتا ہے اور شعبے اور کمپنی کی سرگرمیوں میں تبدیلی کی جاتی ہے۔ حتمی ہدف موجودہ ٹریڈنگ مینجمنٹ گائیڈ لائنز اور خطرات کے بارے میں شعوری نقطہ نظر کی بنیاد پر کنٹرول تیار کرنا ہے۔

آپریشنل خطرات

مینجمنٹ نے آپریشنل خطرات کی شناخت کے لئے ایک مکمل اور مربوط طریقہ کار وضع کیا ہے۔ پلانٹ پر کسی بھی قسم کے خطرے کی شناخت کرنے اور غیر متوقع خطرے کے وقوع پذیر ہونے کو کم کرنے کے لئے ضروری حفاظتی اقدامات کرنا مکمل طور پر کوالٹی اور EHS فنکشن کی ذمہ داری ہے۔ معیاری آپریشنل طریقہ کار ہنگامی منصوبے بین الاقوامی معیار کے مطابق ہیں پلانٹ پر استعمال ہونے والے تمام آپریشنل طریقہ کار کے پیچھے کڑی محنت اور پریکٹس ہے اور پلانٹ کے آپریشنز کو بہتر اور محفوظ بنانے کے لئے بروئے کار ہیں۔

مالیاتی خطرات

کمپنی کے مالیاتی خطرات کے انتظام کو کمپنی کے مالیاتی حسابات کے نوٹ نمبر 34 میں واضح کر دیا گیا ہے۔

کریڈٹ ریٹنگ

کمپنی کی کریڈٹ ریٹنگ جیسا کہ پاکستان کریڈٹ ریٹنگ ایجنسی (PACRA) نے کمپنی کی طویل المدت اور قلیل المدت entity ریٹنگز طے کی ہیں، اسی طرح سے بالترتیب "AA" (ڈبل اے) اور "A1+" (اے ون پلس) ہیں۔ یہ ریٹنگز کریڈٹ رسک کے نہ ہونے کے برابر خطرے کو ظاہر کرتی ہیں۔ یہ مالیاتی وعدوں کی بروقت پاس داری کی مضبوط گنجائش کی طرف اشارہ کرتی ہیں۔ مستقبل قریب میں یہ گنجائش کسی قابل قدر خطرے سے دوچار ہوتی نظر نہیں آتی۔

یہ ریٹنگز کمپنی کے مضبوط فنانسشل پروفائل کی عکاسی کرتی ہیں۔ یہ ریٹنگ کمپنی کے اندر

موقف ہے کہ چونکہ اس کیس کے دفاع کیلئے مناسب بنیاد موجود ہے، اس لئے کمپنی نے منسلک مالیاتی گوشوارے میں کوئی پروٹون نہیں رکھی۔

مزید سیز ٹیکس کے مطالبے کے حوالے سے - 184.13 ملین ڈیپٹی کمشنران لینڈ ریونیو ('DCIR') نے ناقابل قبول ان پٹ ٹیکس کی وجہ سے اکٹھا کیا جیسا کہ نوٹ (iv) 12.1 میں ان مالیاتی بیانات کی تفصیل ہے۔ سال کے اختتام کے بعد کمشنران لینڈ ریونیو ('Appeals') نے کیس کا فیصلہ سناتے ہوئے 184.13 ملین روپے کی طلب سے 152.95 ملین روپے کا مطالبہ حذف کر دیا ہے جبکہ باقی 31.18 ملین روپے کے مطالبے کو منسوخ کرتے ہوئے نئے فیصلے کیلئے DCIR کو واپس بھیج دیا گیا ہے لہذا مذکورہ حکم کی مد میں مطالبہ کو نہیں۔

ڈیوڈنڈز کی ادائیگی

رواں مالی سال کے دوران بورڈ آف ڈائریکٹرز نے تین عبوری ڈیوڈنڈز کی منظوری دی ہے جو پہلے ہی سے %57.50 ستمبر 2021، %77.50 دسمبر 2021 اور %27.50 مارچ 2022 میں ادا کر دیے گئے ہیں جو مالی سال 2021-22 کے لئے کل ملا کر %157.50 بنتا ہے۔

آپریشنز

ہم رپورٹ کرتے ہیں کہ زیر بحث مالی سال کے دوران بجلی کی ترسیل پچھلے مالی سال کے مقابلے میں زیادہ تھی۔ اس لئے پاور کمپلیکس نے %147.49 استعدادی محرک کے طور پر کام کر کے 515,812 MWhs بجلی فراہم کچھ پچھلے سال %31.04 فیصد کی استعداد کے ساتھ 337,122 MWhs بجلی فراہم کی۔ مزید برآں زیر غور مالی سال 2021-22 کی شیڈولڈ مینٹی نینس کے دوران چھ انجن جوہ (ایک انجن 116K، چار انجن 124K اور ایک انجن 132K) آپریشنل گھنٹے مکمل کر چکے تھے انھیں 8K میجر مینٹی نینس پروگرام کے تحت اور ہال کیا گیا جبکہ پچھلے سال دو انجن میجر مینٹی نینس پروگرام کے تحت اور ہال کئے گئے۔ تمام شیڈولڈ اور ایشیڈولڈ مینٹی نینس ہماری اپنی ٹیم نے مقررہ طریقہ کار اور بجٹ کے مطابق کامیابی کے ساتھ کی گئی ہے۔ ہمیں یہ بتاتے ہوئے خوشی محسوس ہو رہی ہے کہ تمام انجن اور معاون آلات، محفوظ اور قابل بھروسہ آپریشنز کے لیے بالکل ٹھیک حالت میں ہیں۔

ہمیں یہ بتاتے ہوئے بھی خوشی ہے کہ ہم نے واپڈا کی طرف سے 04 جولائی 2022 کو لیے جانے والے Annual Dependable Capacity Test (ADCT) کو کامیابی سے کوالیفائی کیا۔ نتیجتاً اس نے 130.40 MW استعداد کی قابل تعریف پرفارمنس کا مظاہرہ کیا جو 124 MW کی مجموعی معاہداتی استعداد سے کہیں زیادہ ہے۔ ہم کامل یقین کے ساتھ یہ بتا رہے ہیں کہ کارکردگی کے 24 سال مکمل کرنے کے

میں جناب محمد زید یوسف سہگل، جناب سید منظر حسن اور جناب فیصل ریاض شریک ہوئے۔

INDEPENDENT AUDITORS' REVIEW REPORT

TO THE MEMBERS OF KOHINOOR ENERGY LIMITED

REVIEW REPORT ON THE STATEMENT OF COMPLIANCE CONTAINED IN LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Kohinoor Energy Limited for the year ended June 30, 2022 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2022.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF KOHINOOR ENERGY LIMITED REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the annexed financial statements of Kohinoor Energy Limited (the Company), which comprise the statement of financial position as at June 30, 2022, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2022 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to notes 12.1 (i) and (ii) to the financial statements, which describe the uncertainties regarding the outcome of certain claims by CPPA-G (formerly WAPDA) which have been disputed by the Company. Our opinion is not qualified in respect of this matter.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Amer Raza Mir.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2022

1 Legal status and nature of business

Kohinoor Energy Limited (the 'Company') was incorporated in Pakistan on April 26, 1994 as a public limited company under the repealed Companies Ordinance, 1984 (the Ordinance) repealed with the enactment of the Companies Act, 2017 on May 30, 2017. The Company is listed on the Pakistan Stock Exchange. The principal activities of the Company are to own, operate and maintain a power plant of 124 MW capacity in Lahore and to sell the electricity produced therefrom to a sole customer, the Water and Power Development Authority (WAPDA) under a Power Purchase Agreement (PPA), for a term of 30 years which commenced from June 19, 1997. Subsequently, WAPDA has irrevocably transferred all of its rights, obligations and liabilities under the PPA to Central Power Purchasing Agency Guarantee Limited (CPPA-G) (Power Purchaser) thereunder via Novation Agreement and Amendment Agreement to the Implementation Agreement which became effective on February 11, 2021 after approval from the relevant authorities.

The address of the registered office of the Company is 301, 3rd Floor, Green Trust Tower, Blue Area, Islamabad and the Company's power plant has been set up at Post Office Raja Jang, Near Tablighi Ijtima, Raiwind Bypass, Lahore.

1.1 Amendment to the Power Purchase Agreement (PPA)

On June 03, 2020, the Government of Pakistan (GoP) formed a negotiation committee (the Committee) to initiate discussion with Independent Power Producers (IPPs) including Kohinoor Energy Limited (the 'Company') on various matters, which inter alia, included "Tariff Discount" and other terms and conditions of respective PPAs. After several discussions with the Committee, a Memorandum of Understanding (MoU) was signed between the Committee and the Company on August 21, 2020.

Subsequent to the MoU, the GoP through notification dated October 7, 2020, constituted the Implementation Committee to finalize the binding agreement based on the MoU referred above. After several discussions with the Implementation Committee, CPPA-G signed the Amendment to the PPA and the Master Agreement (the Agreements) on February 11, 2021. These Agreements were approved by the Board of Directors of the Company vide a circular resolution dated February 01, 2021. Furthermore, these agreements were approved by the Federal Government through the Cabinet Committee on Energy (CCoE) on February 08, 2021.

Pursuant to the terms of these Agreements, the Company was entitled to receive outstanding receivables amounting to Rs. 4,974 million due from Power Purchaser as on November 30, 2020, in two tranches. Accordingly, the Company received Rs. 1,989 million as the 1st tranche (40%) on June 4, 2021 and Rs. 2,985 million as 2nd tranche (60%) on November 29, 2021.

As part of the Amendment to the PPA, the Company has provided a "Tariff Discount" of 11% in the escalable component of Capacity Purchase Price (CPP) and Variable Operations and Maintenance (O&M) component of Energy Purchase Price (EPP) with effect from the date of receipt of 1st tranche i.e. June 04, 2021. Moreover, there is a restriction on indexation of the 50% of the reduced escalable component of CPP when the exchange rate reaches to Rs. 168.60 / USD.

Pursuant to the clause 2.5 of the Amendment to the PPA signed by the Company and CPPA-G, the parties have also agreed that the requirement for "Company letter of credit" and "CPPA-G (formerly WAPDA) letter of credit" under section 9.4(f) of the original PPA have been deleted in the entirety.

2 Basis of preparation

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- i) International Financial Reporting Standards ('IFRS') issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- ii) Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Initial application of standards, amendments or an interpretation to existing standards

The following amendments to existing standards have been published that are applicable to the Company's financial statements covering annual periods, beginning on or after the following dates as detailed below:

2.2.1 Standards, amendments to published standards and interpretations that are effective in the current year

Certain standards, amendments and interpretations to IFRS are effective for accounting periods beginning on July 1, 2021 but are considered not to be relevant or to have any significant effect on the Company's operations (although they may affect the accounting for future transactions and events) and are, therefore, not detailed in these financial statements.

2.2.2 Exemption from applicability of certain standards

- a) Securities and Exchange Commission of Pakistan ('SECP') through SRO 986(I)/2019 dated September 2, 2019 has granted exemption from the requirements of IFRS 16 'Leases' to all companies to the extent of their power purchase agreements executed before January 1, 2019. Therefore, the standard will not have any impact on the Company's financial statements to the extent of its PPA. For the remaining leases, the Company has assessed that the application of this standard does not have any material impact on these financial statements.

Under IFRS 16, the consideration required to be made by the lessee for the right to use the asset is to be accounted for as a finance lease. The Company's power plant's control due to purchase of total output by CPPA-G appears to fall under the scope of finance lease under IFRS 16. Consequently, if the Company were to follow IFRS 16 with respect to its power purchase agreement, the effect on the financial statements would be as follows:

	2022	2021
	(Rupees in thousand)	
De-recognition of property, plant and equipment	(2,432,120)	(2,570,392)
Recognition of lease debtor	366,280	269,604
Decrease in un-appropriated profit at the beginning of the year	(2,199,338)	(2,543,594)
Increase in profit for the year	130,594	344,256
Decrease in un-appropriated profit at the end of the year	<u>(2,068,744)</u>	<u>(2,199,338)</u>

- b) In respect of companies holding financial assets due from the Government of Pakistan ('GoP'), SECP through SRO 1177(I)/2021 dated September 13, 2021, partially modified its previous SRO 985(I)/2019 dated September 02, 2019 and notified that the requirements contained in IFRS 9 with respect to application of Expected Credit Losses (ECL) method shall not be applicable till June 30, 2022 and that such companies shall follow relevant requirements of International Accounting Standard ('IAS') 39 in respect of above referred financial assets during the exemption period. Accordingly, the Company has not followed the requirements of IFRS 9 with respect to application of Expected Credit Losses in respect of trade debts and other receivables due from CPPA-G. The Company is in the process of assessing the impact of this amendment on the Company's financial statements.

2.2.3 Standards, amendments and interpretations to existing standards that are not yet effective and/or have not been early adopted by the Company

There are certain standards, amendments to the accounting standards and interpretations that are mandatory for the Company's accounting periods beginning on or after July 1, 2022, but are considered not to be relevant to the Company's operations and are, therefore, not detailed in these financial statements, except for the following:

a) Amendments to IAS 1, 'Classification of liabilities as current or non-current'

The narrow-scope amendments to IAS 1 Presentation of Financial Statements, effective for accounting periods beginning on or after January 01, 2023, clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant). The amendments also clarify what IAS 1 means when it refers to the settlement of a liability.

The amendments could affect the classification of liabilities, particularly for entities that previously considered management's intentions to determine classification and for some liabilities that can be converted into equity.

These amendments are not expected to have a material impact on the Company's financial statements when they become effective.

b) Amendments to IAS 1 and IFRS 2 Practice Statement 2, 'Disclosure of Accounting Policies'

The IASB amended IAS 1 to require entities to disclose their material rather than their significant accounting policies. The amendments define what is 'material accounting policy information' and explain how to identify when accounting policy information is material. They further clarify that immaterial accounting policy information does not need to be disclosed. If it is disclosed, it should not obscure material accounting information.

To support this amendment, the IASB also amended IFRS Practice Statement 2 Making Materiality Judgements to provide guidance on how to apply the concept of materiality to accounting policy disclosures.

The above mentioned amendments are effective for accounting periods beginning on or after January 01, 2023.

The Company is in the process of assessing the impact of these amendment on the Company's financial statements.

c) **Amendments to IAS 8, 'Definition of Accounting Estimates'**

The amendment to IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors, effective for accounting periods beginning on or after January 01, 2023, clarifies how companies should distinguish changes in accounting policies from changes in accounting estimates. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, but changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period.

The Company is in the process of assessing the impact of this amendment on the Company's financial statements.

3 **Basis of measurement**

3.1 These financial statements have been prepared under the historical cost convention.

3.2 **Critical accounting estimates and judgements**

These financial statements have been prepared under the historical cost convention, modified by capitalization of exchange differences in previous years, except for revaluation of certain financial instruments at fair value and recognition of certain employee retirement benefits at present value.

The Company's significant accounting policies are stated in note 4. Not all of these significant policies require the management to make difficult, subjective or complex judgments or estimates. The following is intended to provide an understanding of the policies the management considers critical because of their complexity, judgment of estimation involved in their application and their impact on these financial statements. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. These judgments involve assumptions or estimates in respect of future events and the actual results may differ from these estimates. The areas involving a higher degree of judgments or complexity or areas where assumptions and estimates are significant to the financial statements are as follows:

a) **Useful lives and residual values of property, plant and equipment**

The Company reviews the useful lives and residual values of property, plant and equipment on regular basis. Any change in estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding effect on the depreciation charge and impairment.

b) **Provision for obsolescence of stores and spares**

The Company reviews stores and spares inventory items based on the technical evaluation(s) conducted in-house by the technical team. Provision is recognized against items determined to be obsolete and / or not expected to be used up till the expiry of PPA term.

4 **Summary of significant accounting policies**

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

4.1 **Taxation**

Income tax comprises current and deferred tax. Income tax is recognized in the statement of profit or loss except to the extent that relates to items recognized directly in equity or other comprehensive income, in which case it is recognized directly in equity or other comprehensive income.

Current

The profits and gains of the Company derived from electric power generation are exempt from tax subject to the conditions and limitations provided for in terms of clause 132 of Part I of the Second Schedule to the Income Tax Ordinance, 2001. However, full provision is made in the profit and loss account on income from sources not covered under the above clause at current rates of taxation after taking into account, tax credits and rebates available, if any.

Deferred

Deferred tax has not been provided in these financial statements as the Company's management believes that the temporary differences will not reverse in the foreseeable future due to the fact that the profits and gains of the Company derived from electric power generation are exempt from tax subject to the conditions and limitations provided for in terms of clause 132 of Part I of the Second Schedule to the Income Tax Ordinance, 2001.

4.2 Employee benefits

The main features of the schemes operated by the Company for its employees are as follows:

a) Defined benefit plans

The Company operated an approved funded defined benefit gratuity scheme for all employees according to the terms of employment subject to a minimum qualifying period of service.

The Board of Directors (the Board) of the Company resolved to discontinue the approved funded defined benefit gratuity scheme through a circular resolution dated May 05, 2021 with effect from June 30, 2021, and proposed a defined contribution plan (contributory provident fund) for all its permanent employees with effect from July 01, 2021. Consent from eligible employees related to the proposed scheme was obtained.

Pursuant to the decision of the Board, the Company engaged legal advisor(s) to amend the rules of the Gratuity Fund and file application for dissolution before the relevant authorities. Further, the Company appointed an actuarial expert to calculate the final liability / settlement due to the Gratuity Fund and contributed Rs. 99.89 million during the year 2021.

This conversion was accounted for as a settlement under IAS 19 - 'Employee benefits'.

b) Short term obligations

Liabilities for wages and salaries, including non-monetary benefits and accumulating annual leaves that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

c) Post employment benefit - Defined contribution plan (Provident Fund)

There is an approved defined contributory provident fund for all employees. Equal monthly contributions are made both by the Company and employees to the fund at the rate of 10 percent of the basic salary subject to completion of minimum qualifying period of service as determined under the rules of the fund.

4.3 Property, plant and equipment

4.3.1 Operating fixed assets

Operating fixed assets except freehold land are stated at cost less accumulated depreciation and any identified impairment loss. Freehold land is stated at cost less any identified impairment loss. Cost in relation to certain plant and machinery comprises historical cost, exchange differences capitalized in previous years and borrowing cost mentioned in note 4.14.

Depreciation on all operating fixed assets is charged to profit and loss account on the straight line method so as to write off the cost of an asset over its estimated useful life at the annual rates mentioned in note 13.1 after taking into account their residual values.

The assets' residual values and useful lives are reviewed, at each financial year end, and adjusted if the impact on depreciation is significant. The Company's estimate of the residual value of its operating fixed assets as at June 30, 2022 has not required any adjustment as its impact is considered insignificant.

Depreciation on additions to operating fixed assets is charged from the month in which the asset is available for use, while no depreciation is charged for the month in which the asset is disposed off.

The net exchange difference relating to an asset which was capitalized in line with the exemption granted by Securities and Exchange Commission of Pakistan, is being amortized in equal installments over its remaining useful life.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 4.5).

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income during the period in which they are incurred.

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

4.3.2 Capital work-in-progress

Capital work-in-progress is stated at cost less any identified impairment loss. All expenditure connected with specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to operating fixed assets as and when these are available for use.

4.3.3 Major spare parts and standby equipment

Major spare parts and stand-by equipment qualify as property, plant and equipment when an entity expects to use them for more than one year. Transfers are made to relevant operating fixed assets category as and when such items are available for use.

4.4 Intangible assets

Expenditure incurred to acquire intangible assets is stated at cost less accumulated amortisation and any identified impairment loss. Intangible assets are amortized using the straight line method over its estimated useful life at the annual rates mentioned in note 14. Intagibles assets which are fully amortized till June 30, 2022 are mentioned in note 14.2.

Amortization on additions to intangible assets is charged from the month in which an asset is available for use while no amortization is charged for the month in which the asset is disposed off.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 4.5).

4.5 Impairment of non-financial assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

4.6 Stores, spares and loose tools

Stores, spares and loose tools are valued principally at weighted average cost except for items in transit which are stated at invoice value plus other charges paid thereon till the statement of financial position date while items considered obsolete are carried at nil value.

Provision for obsolescence of stores and spare parts wherever required, is made on the basis of management's best estimate of usability of items and considering the ageing analysis prepared on an item by item basis.

4.7 Stock in trade

Inventories, except for that in transit, is valued principally at lower of cost and net realizable value. Cost is determined using First in First Out method for Furnace oil while weighted average method is used for the remaining items. Inventories in transit are stated at cost comprising invoice value plus other charges paid thereon.

Net realizable value is determined on the basis of estimated selling price in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale. If the expected net realizable value is lower than the carrying amount, a write-down is recognized for the amount by which the carrying amount exceeds its net realizable value.

4.8 Financial assets

4.8.1 Classification

The Company classifies its financial assets other than investments in equity instruments of subsidiary and associate in the following measurement categories:

- those to be measured subsequently at fair value [either through other comprehensive income ('OCI') or through profit or loss], and
- those to be measured at amortized cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or OCI. For investments in equity instruments that are not held for trading, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVOCI).

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

4.8.2 Recognition and derecognition

Regular way purchases and sales of financial assets are recognized on trade date, being the date on which the Company commits to purchase or sell the asset. Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

4.8.3 Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payments of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

i) Amortized cost

Assets that are held for collection of contractual cash flows, where those cash flows represent solely payments of principal and interest, are measured at amortized cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognized directly in profit or loss. Impairment losses are presented as separate line item in the statement of profit or loss.

ii) FVOCI

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses, which are recognized in profit or loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss. Interest income from these financial assets is included in other income using the effective interest rate method. Impairment expenses are presented as separate line item in the statement of profit or loss.

iii) FVPL

Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVPL. A gain or loss on a debt investment that is subsequently measured at FVPL is recognized in profit or loss in the period in which it arises.

Equity instruments

The Company subsequently measures all equity investments except for investments in equity instruments of subsidiary and associate at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognized in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at FVPL are recognized in the statement of profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

4.8.4 Impairment of financial assets other than those due from the Government of Pakistan and investment in equity instruments

The Company assesses on a forward-looking basis, the expected credit losses ('ECL') associated with its financial assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. The Company applies general 3-stage approach for loans, deposits and other receivables and bank balances i.e. to measure ECL through loss allowance at an amount equal to 12-month ECL if credit risk on a financial instrument or a group of financial instruments has not increased significantly since initial recognition.

Following are the financial assets that are subject to the ECL model:

- Long term loans;
- Loans, deposits and other receivables;
- Short term investment; and
- Bank balances.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information (adjusted for factors that are specific to the counterparty, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate). As for the exposure at default for financial assets, this is represented by the assets' gross carrying amount at the reporting date. Loss allowances are forward looking, based on 12 month expected credit losses where there has not been a significant increase in credit risk rating, otherwise allowances are based on lifetime expected losses.

Expected credit losses are a probability weighted estimate of credit losses. The probability is determined by the risk of default which is applied to the cash flow estimates. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms. In the absence of a change in credit rating, allowances are recognized when there is reduction in the net present value of expected cash flows. On a significant increase in credit risk, allowances are recognized without a change in the expected cash flows, although typically expected cash flows do also change; and expected credit losses are rebased from 12 month to lifetime expectations.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Company compares the risk of a default occurring on the instrument as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportable forward-looking information.

The following indicators are considered while assessing credit risk:

- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations;
- actual or expected significant changes in the operating results of the counterparty;
- significant increase in credit risk on other financial instruments of the same counterparty; and
- significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees, if applicable.

The Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Company, in full (without taking into account any collaterals held by the Company).

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for that financial asset because of financial difficulties.

Where lifetime ECL is measured on a collective basis to cater for cases where evidence of significant increases in credit risk at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Nature of financial instruments;
- Past-due status;
- Nature, size and industry of borrowers; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

The Company recognizes an impairment gain or loss in the statement of profit or loss for financial assets with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVOCI, for which the loss allowance is recognized in other comprehensive income and accumulated in the investment revaluation reserve, and does not reduce the carrying amount of the financial asset in the statement of financial position.

The Company writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of counterparty's sources of income or assets to generate sufficient future cash flows to repay the amount. The Company may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains.

4.9 Financial liabilities

Financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities at amortized cost are initially measured at fair value less transaction costs. Financial liabilities at fair value through profit or loss are initially recognized at fair value and transaction costs are expensed on profit or loss.

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortized cost using the effective yield method.

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender or substantially different terms, or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognized in profit or loss.

4.10 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

4.11 Financial assets due from the Government of Pakistan

Financial assets due from the Government of Pakistan includes trade debts and other receivables due from CPPA-G under the PPA that also includes accrued amounts. The Company follows relevant requirements of IAS 39 in respect of impairment of these financial assets due to the exemption available in respect of IFRS 9 till June 30, 2022 as stated in note 2.2.2 (b).

A provision for impairment is established when there is objective evidence that the Company will not be able to collect all the amount due according to the original terms of the receivable.

The Company assesses at the end of each reporting period whether there is objective evidence that the financial asset is impaired. The financial asset is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset that can be reliably estimated. Evidence of impairment may include indications that the debtor is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization, and where observable data indicates that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults. The amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognized in the statement of profit or loss. When the financial asset is uncollectible, it is written off against the provision. Subsequent recoveries of amounts previously written off are credited to the statement of profit or loss. If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized (such as an improvement in the debtor's credit rating), the reversal of the previously recognized impairment loss is recognized in the statement of profit or loss.

4.12 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and short term finances under mark up arrangements with original maturities of three months or less.

4.13 Borrowings

Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the profit and loss account over the period of the borrowings using the effective interest method. Finance costs are accounted for on an accrual basis and are reported under accrued finance costs to the extent of the amount remaining unpaid.

Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

Borrowings are removed from the statement of financial position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other income or finance costs.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

4.14 Borrowing costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized in statement of profit or loss in the period in which they are incurred.

4.15 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

4.16 Contingent liabilities and assets

Contingent liability is disclosed when:

- there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company; or
- there is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

4.17 Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at nominal amounts and recognized in profit or loss over the expected useful life of the asset, based on the pattern of consumption of the benefits of the underlying asset by equal annual instalments.

In subsequent periods, the grant shall be deducted from the related expense in the statement of profit or loss.

4.18 Segment reporting

Operating segments are reported in a manner consistent with the internal reports issued to the chief operating decision-maker. The Chief Executive Officer has been identified as the 'chief operating decision-maker', who is responsible for allocating resources and assessing performance of the operating segments. Currently the Company is functioning as a single operating segment.

4.19 Trade debts

Trade debts are amounts due from CPPA-G in the ordinary course of business. They are generally due for settlement as referred to in note 4.20 and therefore are all classified as current. Trade debts are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value. The Company holds the trade debts with the objective to collect the contractual cash flows and therefore measures them subsequently at amortized cost using the effective interest method, less provision for impairment.

4.20 Revenue recognition

Revenue shall be recognized when (or as) the Company satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset and thus has the ability to direct the use and obtain the benefits from the good or service.

Revenue from the sale of electricity to CPPA-G, the sole customer of the Company, is recorded on the following basis:

- Capacity Purchase Price revenue is recognized over time, based on the capacity made available to CPPA-G, at rates as specified under the PPA with CPPA-G, as amended from time to time; and

- Energy Purchase Price revenue is recognized at a 'point in time', as and when the Net Electrical Output (NEO) are delivered to CPPA-G.

Capacity and Energy revenue is recognized based on the rates determined under the mechanism laid down in the PPA.

Delayed payment mark-up on amounts due under the PPA is accrued on a time proportion basis by reference to the amount outstanding and the applicable rate of return under the PPA.

Invoices are generally raised on a monthly basis and are due after 25 days from acknowledgement by CPPA-G.

4.21 Finance income

Finance income comprises interest income on funds invested (financial assets), dividend income, gain on disposal of financial assets and changes in fair value of investments. Interest income is recognized as it accrues in profit or loss, using effective interest method. Dividend income is recognized in profit or loss on the date that the Company's right to receive payment is established.

4.22 Foreign currency transactions and translation

a) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (the functional currency). The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions, and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates, are generally recognized in profit or loss.

Foreign exchange gains and losses that relate to borrowings are presented in the statement of profit or loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit or loss on a net basis within other gains/(losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equities held at fair value through profit or loss are recognized in profit or loss as part of the fair value gain or loss, and translation differences on non-monetary assets such as equities classified as at fair value through other comprehensive income are recognized in other comprehensive income.

4.23 Dividend and appropriation to reserves

Dividend and other appropriation to reserves are recognized in the financial statements in the period in which these are approved.

4.24 Trade and other payables

Trade and other payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. Trade and other payables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method. Exchange gains and losses arising on translation in respect of liabilities in foreign currency are added to the carrying amount of the respective liabilities.

4.25 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, if any.

4.26 Rounding off amounts

All amounts presented in these financial statements and notes have been rounded off to the nearest thousand Rupees unless otherwise stated.

5 Issued, subscribed and paid up capital

5.1 This represents 169,458,614 (2021: 169,458,614) ordinary shares of Rs. 10 each fully paid in cash.

5.2 All ordinary shares rank equally with regard to the Company's residual assets. Holders of these shares are entitled to dividends as declared from time to time and are entitled to one vote per share at general meetings of the Company.

6 Long term finance- secured

This represents long term financing facility (running musharaka facility) availed from Faysal Bank Limited (through its Islamic Banking Division) as a Participating Financial Institution under State Bank of Pakistan's (SBP) Refinance Scheme for Payment of Wages and Salaries to the Workers and Employees of Business Concerns ('Refinance Scheme'). The total facility available amounts to Rs. 145 million. The financing is secured against pari passu charge over all the present and future current asset. It carries mark-up at the rate of SBP Profit Rate under the Refinance Scheme plus 1.50% per annum, payable on quarterly basis. The remaining principal amount is repayable in 2 equal quarterly instalments till December 2022. The reconciliation of carrying amount is as follows:

12 Contingencies and commitments

12.1 Contingencies

- (i) CPPA-G (formerly WAPDA) imposed Liquidated Damages (LDs) on the Company amounting to Rs. 353.85 million (2021: Rs. 353.85 million) during the period from 2011 to 2013 because of failure to dispatch electricity due to CPPA-G's non-payment of dues on timely basis and consequential inability of the Company to make advance payments to its fuel supplier - Pakistan State Oil Company Limited (PSO), that resulted in inadequate level of electricity production owing to shortage of fuel.

The Company disputed and rejected the claim on account of LDs because under the terms of PPA, no LDs can be charged to the Company due to the reasons caused solely by the Power Purchaser i.e. CPPA-G.

According to legal advisors of the Company, there are adequate grounds to defend the claim for such LDs, therefore no provision has been made in these financial statements.

- (ii) CPPA-G (formerly WAPDA) imposed LDs on the Company amounting to Rs 179.32 million (2021: Rs 179.32 million) due to incorrect calculation from 2011 till April 2018. The Company has disputed these LDs because CPPA-G has ignored certain factors applicable for the calculation of LDs under the terms of the PPA.

For settlement of the dispute, several discussions were held between the officials of CPPA-G and the Company. Consequent to the mutual discussion, CPPA-G has agreed to calculate the LDs using a model consistent with the terms of the PPA. However, the said model has not yet been applied to recalculate the LDs imposed prior to April 2018. Resultantly, there have been no disputed LDs since May 2018.

Management is confident that the LDs imposed prior to April 2018 will also be revised by CPPA-G. The impact of LDs calculated under the agreed model for the period preceding April 2018 has been assessed to be insignificant and therefore, no provision has been made in these financial statements.

- (iii) A sales tax demand of Rs. 505.41 million was raised against the Company through order dated August 29, 2014 by the Assistant Commissioner Inland Revenue ('ACIR') by disallowing input sales tax for the tax periods from August, 2009 to June, 2013. Such amount was disallowed on the grounds that the revenue derived by the Company on account of 'capacity purchase price' was against a non-taxable supply and thus, the entire amount of input sales tax claimed by the Company was required to be apportioned with only the input sales tax attributable to other revenue stream i.e. 'energy purchase price' admissible to the Company. Against the aforesaid order, the Company preferred an appeal before the Commissioner Inland Revenue (Appeals) ('CIR(A)') who vide its order dated November 6, 2014, upheld the ACIR's order on the issue regarding apportionment of input sales tax with the caveat that tax demand pertaining to period of show cause notice beyond the limitation of five years cannot be sustained and reduced from the tax demand. Subsequently, the Company preferred an appeal before the Appellate Tribunal Inland Revenue ('ATIR'). Additionally, the Company had filed an application with the Lahore High Court seeking a stay in recovery of tax arrears, default surcharge and penalty.

The Lahore High Court, in its order dated December 31, 2014, stayed the recovery of the tax demand along with default surcharge and penalty till adjudication by the ATIR, subject to deposit of Rs. 10 million with the Tax Department which the Company duly submitted on January 7, 2015. The ATIR vide its order dated May 4, 2015, upheld the CIR(A)'s order on the issue regarding apportionment of input sales tax. Thereafter, the Company filed an appeal against the decision of ATIR in the Lahore High Court.

The Lahore High Court vide its judgment dated October 31, 2016 has decided the case in favor of the Company. Subsequently, the tax department being aggrieved, filed a leave for appeal before the Supreme Court of Pakistan. The management is of the view that there are meritorious grounds available to defend the foregoing demands in the Supreme Court of Pakistan. Consequently, no provision for such demand has been made in these financial statements.

- (iv) A sales tax demand of Rs. 184.13 million was raised against the Company through order dated August 27, 2019 mainly by the Deputy Commissioner Inland Revenue ('DCIR') on account of inadmissible input tax related to 'capacity purchase price', sales tax default on account of suppression of sales related to tax periods from July, 2015 to June, 2016 and inadmissible input tax claimed by the Company. Against the aforesaid order, the Company preferred an appeal before Commissioner Inland Revenue (Appeals) ('CIR(A)') on September 16, 2019. Out of Rs. 184.13 million, CIR(A) through order dated July 08, 2021 has deleted the demand of Rs. 152.95 million raised on account of inadmissible input tax related to 'capacity purchase price', whereas the remaining demand of Rs. 31.18 million raised related to sales tax default on account of suppression of sales for the tax periods from July, 2015 to June, 2016 and inadmissible input tax claimed by the Company have been remanded back to the DCIR. The management is of the view that there are meritorious grounds available to defend the foregoing demand. Consequently no provision for such demand has been made in these financial statements.

- (v) The Company has issued the following guarantees in favor of:

Sui Northern Gas Pipelines Limited on account of payment of dues against gas sales etc., amounting to Rs. 3.33 million (2021: Rs. 2.99 million).

12.2 Commitments

- (i) Letters of credit / bank contracts other than capital expenditure as at end of current year are Rs. 35.51 million (2021: 20.17 million).
- (ii) Letters of credit / bank contracts for capital expenditure as at end of current year are Rs. 96.35 million (2021: Rs. 10.36 million).

- 18.3** This represents a receivable amount pertaining to eligibility of indexation of non-escalable component (NEC) of the capacity purchase price relating to the period subsequent to the repayment of foreign currency loan. This was disputed by CPPA-G (formerly WAPDA) in year ended June 30, 2010 taking the stance that under the Power Purchase Agreement (PPA) indexation is allowed until the repayment of foreign currency loan, and since the loan was fully repaid in September, 2008, therefore no indexation was to be allowed from September, 2008 onwards. CPPA-G had earlier paid this amount relating to the period from September, 2008 to September, 2009 but subsequently withheld this amount in June, 2010 against the invoices of April, 2010.

The matter was referred to an expert by the management of the Company who decided in favor of the Company stating that adjustment of the amount is unlawful since the underlying invoices were not disputed within the prescribed period of 180 days. However, CPPA-G did not accept the decision of the expert.

During the year 2019, the management of the Company decided not to pursue the recoverability of this amount and a provision against the same was recorded.

33 Disclosure relating to Provident Fund

The investments by the provident fund have been made in accordance with the provisions of section 218 of the Companies Act, 2017 and the conditions specified thereunder.

34 Financial risk management

34.1 Financial risk factors

The Company is exposed to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance.

Risk management is carried out by the Company's finance department under policies approved by the Board of Directors ('BOD'). The Company's finance department evaluates and hedges financial risks based on principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity, provided by the BOD. All treasury related transactions are carried out within the parameters of these policies.

The Company's overall risk management procedures to minimize the potential adverse effects of financial market on the Company's performance are as follows:

a) Market risk

i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising from various currency exposures, primarily with respect to the United States Dollar (USD) and the Euro (EUR). Currently, the Company's foreign exchange risk exposure is restricted to amounts payable to foreign entities. However, the impact is not material, hence, it is not being detailed in these financial statements.

	2022	2021
	(Dollar)	(Euro)
Trade and other payables	39,300	55,555

The following significant exchange rates were applied during the year:

	Average rate		Year-end spot rate	
	2022	2021	2022	2021
	(Rupees)	(Rupees)	(Rupees)	(Rupees)
EUR 1	200.49	187.94	213.7	187.27
USD 1	182.65	163.6	206.65	158.65

If the functional currency, at reporting date, had fluctuated by 5% against the Dollar / Euro with all other variables held constant, the impact on profit after taxation for the year would have Rs. 0.41 million (2021: Rs. 0.52 million). Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis.

ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Company is not exposed to equity price risk since there are no investments in equity instruments traded in the market at the reporting date. The Company is also not exposed to commodity price risk since it does not hold any financial instrument based on commodity prices.

iii) Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has no significant long-term interest-bearing assets. The Company's interest rate risk arises from trade debts and short term borrowings. Borrowings obtained at variable rates expose the Company to cash flow interest rate risk. Similarly, trade debts on which the rate of interest on delayed payments is linked with State Bank of Pakistan reverse repo rate exposes the company to cashflow interest rate risk.

At the reporting date, the interest rate profile of the Company's interest bearing financial instruments was:

		2022	2021
		(Rupees in thousand)	
Fixed rate instruments			
Financial assets			
Bank balances - savings accounts	- note 20.1	817,307	1,541,653

Net exposure		<u>(1,937,726)</u>	<u>(650,456)</u>

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the statement of financial position date would not affect profit or loss of the Company.

Cash flow sensitivity analysis for variable rate instruments

If interest rates on finances under mark up arrangements, at the year end date, fluctuate by 1% higher / lower with all other variables held constant, profit before tax would have been Rs. 40.48 million (2021: Rs. 38.26 million) higher / lower, mainly as a result of higher / lower interest expense on floating rate finances.

If interest rates on delayed payments on trade debts, at the year end date, fluctuate by 1% higher / lower with all other variables held constant, profit before tax would have been Rs. 21.10 million (2021: Rs. 31.40 million) higher / lower, mainly as a result of higher / lower interest rate expense on floating rate.

b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Credit risk mainly arises from deposits with banks, trade and other receivables.

The management assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the Board. The utilization of these credit limits is regularly monitored. For banks and financial institutions, only independently rated parties with a strong credit rating are accepted.

i) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2022	2021
	(Rupees in thousand)	
Long term loans and deposits	354	815
Trade debts	4,185,218	3,981,105
Loans, advances, deposits, prepayments and other receivables	151,710	157,779
Bank balances	818,024	1,791,555
	<u>5,155,306</u>	<u>5,931,254</u>

The credit risk on liquid funds is limited because the counter parties are banks with reasonably high credit ratings. The Company believes that it is not exposed to major concentration of credit risk and the risk attributable to trade debts and Workers' Welfare Fund and Worker's Profit Participation Fund receivable from Power Purchaser is mitigated by guarantee from the Government of Pakistan under the Implementation Agreement. Age analysis of trade receivable balances is as follows:

As of June 30, age analysis of trade debts was as follows:

	2022	2021
	(Rupees in thousand)	
- Neither past due nor impaired	2,075,009	1,271,926
- Past due 0 - 180 days	2,109,661	2,708,834
- Past due 181 - 365 days	203	-
- 1 - 2 years	-	345

	<u>2,110,209</u>	<u>3,139,696</u>
	<u>4,185,218</u>	<u>4,411,622</u>

ii) Credit quality of major financial assets

The credit quality of major financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

				<u>5,154,082</u>	<u>5,929,815</u>

After giving due consideration to the strong financial standing of the banks and Government guarantee in case of CPPA-G, management does not expect non-performance by these counter parties on their obligations to the Company. Accordingly, the credit risk is minimal.

c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. Due to the dynamic nature of the Company's businesses, the Company manages liquidity risk by maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities.

Management monitors the forecasts of the Company's cash and cash equivalents (note 20) on the basis of expected cash flow. This is generally carried out in accordance with practice and limits set by the Company. The Company's liquidity management policy involves projecting cash flows in each quarter and considering the level of liquid assets necessary to meet its liabilities, monitoring reporting date liquidity ratios against internal and external regulatory requirements, and maintaining debt financing plans.

The table below analyses the Company's financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position date to the contractual maturity date.

34.4 Financial assets and financial liabilities subject to offsetting

There are no significant financial assets and financial liabilities that are subject to offsetting, enforceable master netting arrangements and similar agreements.

34.5 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The Company manages its capital structure and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue new shares.

Consistent with others in the industry and the requirements of the lenders, the Company monitors the capital structure on the basis of gearing ratio. This ratio is calculated as net debt divided by total equity (as shown in statement of financial position). Net debt is calculated as non-current borrowings these financial statements less cash and cash equivalents.

The gearing ratio as at June 30, 2022 and June 30, 2021 is as follows:

		2022	2021
		(Rupees in thousand)	
Long term finance - secured	- note 6	28,070	82,319
Short term borrowings	- note 9	4,047,935	3,790,152
